

Remarks/Arguments

Reconsideration of this Application is requested.

The Examiner indicated that the specification amendments of August 17, 2006, and February 22, 2006, August 6, 2001 and claim amendments of August 17, 2006, and February 22, 2006 are non compliant with 1.173 and has not been entered.

Applicant has decided not to amend the Specification. Therefore, the Specification is the same as the Specification in U.S. Patent Number 5,873,073, which this Application seeks to reissue.

Applicant has amended the claims in compliance with 37 CFR § 1.173.

The Examiner objected to the declaration, because, the error as claimed is insufficient. Applicant is not sure which declaration the Examiner is referring to.

Attached hereto as Exhibit A is a copy of a mailing that Applicant mailed to the United States Patent and Trademark Office on September 27, 2000. The first page of Exhibit A is a copy of a Post Card bearing the Patent Office date stamp indicating the documents contained in Exhibit A were received on October 2, 2000.

On Page 5 of Exhibit A is a copy of a Declaration and Power of Attorney. Near the bottom of page 5 of Exhibit A the following appears.

"We verily believe that we have claimed less than we had a right to claim in said Patent, and therefore we verily believe that the subject Patent is partly inoperative; more particularly, the claims (1-19) of said Patent recite the details of a method of defining and producing a finished mail piece in excessive detail but do not recite any limitation relating to the ability of the system for producing an unfranked mailpiece as claimed. "

Page 6 of Exhibit A indicates that inventor Mark Bresnan signed the Declaration and Power of Attorney on 9/23/2000, and inventor Je H. Oh signed the Declaration and Power of Attorney on 19 September 2000. The aforementioned Declaration which was signed by the inventors clearly recited what the inventor thought was the problem with the original patent claims.

Appln. No.: 09/628,496
Amendment Dated: March 15, 2007
Reply to Office Action dated February 2, 2007

The Examiner also stated on page 2 of the office action that "The declaration of 6/5/01 is objected to, assignee's signature is unacceptable. All declarations must be signed by all inventors is required. The declaration submitted on September 27, 2000, contains the signatures of all of the inventors.

An Affidavit of the owner of the undivided interest of this Patent Application appears on page 8 and 9 of Exhibit A. The September 23, 2000, Declaration appearing on page 5 and 6 of Exhibit A. and the Affidavit of the owner of the undivided interest of the Patent Application appearing on Page 8 and 9 of Exhibit A meet the requirements of 37 CFR § 1.172.

The Examiner has indicated that claims 1, 15, 20, and 38 are allowable.

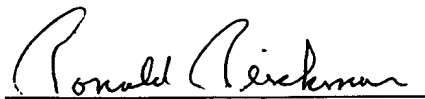

Claims 2-14 and 48 depend on claim 1 and claims 16-19 and 49 depend on claim 15. Claims 21-37 and 50 depend on claim 20 and claims 39-47 depend on claim 38. Claim 51 depends on claim 21.

Claims 22, 41 and 53 have been cancelled.

Thus claims 21-26, 23-40 and 42-52 should be allowed.

In view of the above applicant respectfully request that this application be passed to issues. If any questions should arise will the Examiner please call the undersigned at the telephone number noted below.

Respectfully submitted,
